

# Life Support Program...

By completing this form and having a physician sign and verify the required life-support equipment, MTEMC can enroll you in the Life Support Program. Upon verification your individual electric account will be flagged as "life support" with an orange seal on your meter, which will keep our employees up-to-date on your account's status. While not a guarantee of service, the program allows MTEMC to be especially attentive to enrolled members in the case of payment delinquency, and to some extent, outage situations.

*Please print when completing the form...*

**Name** \_\_\_\_\_ **Service Address** \_\_\_\_\_

**City** \_\_\_\_\_ **Zip Code** \_\_\_\_\_
