

# What makes bank draft so great?

It saves you time...

It saves you money...

It means peace of mind.

Why worry about making that monthly trip to the office?

Why trouble yourself to write out a check, prepare an envelope and put it in the mail?

Why pay the costs for gas, postage and time?

Why risk accidentally missing your power bill payment?

There's no need to — let your cooperative take care of the worry of paying your bill for you.

# Q/A

## How does bank draft work?

MTEMC will automatically transfer funds from your chosen checking account to pay your electric bill for you.

## When will the transfer happen?

On the due date listed on your bill

## Will I still receive my bill?

Yes, every month. You won't have to worry about paying it, but you can check it against your bank statement just to be certain everything adds up.

## If I sign up, when will it start?

Probably two billing cycles from now. Watch your bill. It will let you know.

## Is it good for MTEMC?

Yes, it is the most inexpensive and efficient way for your cooperative to receive and account for bill payments.
